Function description

- 1-way DALI-2 switching actuator flush-mounted •
- For the control of loads with 230 V AC mains voltage such as lamps, fans, pumps, etc. •
- Additionally suitable for applications with extra-low voltage or control of a higher-level control system (HVAC), etc. •
- Compact relay module for direct control of loads via the DALI bus according to IEC 62386 part 208 •
- Powerful relay suitable for loads with high inrush current such as LED luminaires •
- Adjustable switch-on level after bus voltage is removed •
- The switching thresholds of the relay can be easily adjusted via the DALI bus •
- One DALI bus device and can be addressed accordingly according to 62386 part 102 •
- Power supply via the DALI bus •
- Simple installation in commercially available flush-mounted boxes •
